PROTECTION**

PULRON 101 & 401 SERIES

Pulron offers perfect solutions in protecting any metal parts used in an open urban environment against environmental effects. **Street lamps, benches, rubbish bins, playgrounds, bus stops, and outdoor fitness equipment** are just some of the applications.

Key Benefits

Ultimate corrosion resistance: Long-term corrosion protection against abrasive effects of salt, sea water, sand and sun.

Fully UV resistant: Attractive, colour-stable finish that lasts for decades.

Designed for marine and industrial applications: Corresponds C5-M and C5-I category.

Environmentally friendly: No VOCs, no plasticisers, no isocyanates and free of TGIC, halogens, BPA and heavy metals

Flexible: Maintains flexibility even at - 60°C.

Strong finish: Impact and abrasion resistance.

Repairable: In the event of an unforeseen circumstance, our product can be repaired and will continue to maintain its superior durability.
